Kristen,

I am going to call Chris Saari and see if they can fund the well install and possibly the sampling. Would this be acceptable to you? I would be present to oversee the work, but of course we wouldn't have control over the work. Also, I'm not sure PECFA would pay for all the parameters you need, but if the Tribe had to pick up the tab on sample analysis, it would be considerably less than the installation.

Just a thought.

## Summary Notes From Today's Call LDF EPA call

Attendees: Sherry Kamke, Bob Egan, Kristen Hanson

### Upcoming Work

Bob details State Work scheduled for the 11<sup>th</sup> of July

### Task Order

A revised Task Order was just sent to Head Quarters for Approval

It has been slightly changed from the last one and includes

- Installation of 2 wells
- Groundwater samples from 6 wells
- Field oversight of REI
- Produce site recommendations for source removal and cost estimate

Bob hasn't heard back from headquarters

Kristen asked for a copy of this task order

Kristen reiterates the need for a cooperative approach for interim action and Bob agrees.

**Bob confirmed that there is no chance that the 2 wells needed for the July USGS porewater work will be installed for work scheduled for July.**

### Next Call

Wednesday June 22<sup>nd</sup> at 9 am.
